

Managing videos on your computer

Windows computer requirements

- Intel Pentium 4, 800MHz with at least 512MB of RAM
- Microsoft Windows® XP with Service Pack 2 or higher
- SVGA or better display monitor
- 16-bit sound card
- Video card with display settings set at a screen resolution of 800x600 or higher
- Windows Media™ Player 9.x or later
- Microsoft DirectX 9.0c or later

Connecting to a PC

1. Press down on the USB Connector ARM button and slide it away from the camcorder.
2. Align the USB Connector ARM to USB jack of computer and insert.

Note: Please use the supplied USB Extender Cable if the USB ARM of the camcorder is obstructed or space does not permit direct connection to PC. Camcorder will not record when it is connected to computer.

- To retract the USB ARM, press down on the USB ARM button and slide the ARM towards the camcorder until it is fully retracted within the camcorder.
- 3. The RCA Memory application should start up automatically allowing you to manage your videos captured on the camcorder.
- If the program does not start automatically, open *My Computer* and double-click the *EZ201* icon. Double-click *RCAMemoryMgr* to start the application.
- **Accessing videos on Internal Memory or SD/MMC card:** Close the RCA Memory Manager application if it is running. Then press the red RECORD button while the camcorder is connected to the PC. This can switch to accessing videos from the internal memory to the SD/MMC card or vice versa.

Save

- **To save all videos:** From the *View videos* tab, click the *Save all videos* button in the lower right corner.
- **To save selected videos:** From the *View videos* tab, click the checkbox next to the video(s) you wish to save then click the *Save selected videos* button.

Note:

- *All videos will be saved to the default location: My Documents\My Videos\RCA Small Wonder\Saved Videos\“Category.” (Category refers to the genre or category you assigned to the video in the Video Details screen.) If no category was assigned, the video will be saved under the default locations, ...Default.*
- *You can add descriptive information about your videos by clicking the Video Details option found on the single view mode under the View videos tab.*

Delete

Deleting can be done in both the *View* and *Share videos* tabs.

1. Select the video(s) to be deleted by clicking on the checkbox next to the video(s).
2. Click the *Delete* button (trash icon) located near the upper right corner.

Note: In the Share videos tab, you must first select Email Files or Upload Files before following the steps above to delete videos.

Playback

While in the *View videos* tab, double-click any preview image, thumbnail or file name (depending on the viewing mode) to launch the video in larger single view mode. While viewing the video, click the pause “II” button and then click *Save this frame with EZ Grab™* located next to the video to save the current screen as bitmap or jpeg file. Click + or – under the playback screen to skip one frame forward or backward.

Email

1. Click the *Share Videos* tab.
2. Select *Email Files*.
3. Select the video(s) you wish to email by clicking on the checkbox next to the video(s) you wish to send.
4. Click the *Email Files* button.

Note: Videos will be automatically compressed into a more email friendly WMV format and size for sending. If you have a lengthy recording of 5MB or larger file, you may wish to use the Upload feature instead.

Upload

Uploading is another way to share larger videos/files or to share a video with someone using dial-up modem connection.

1. Click the *Share videos* tab.
 2. Select *Upload Files*.
 3. Login to the online account provided by Box.net. (Registration is free)
 4. Select the video you wish to upload by clicking on the button next to it.
 5. Click the *Upload Video to Box.net* button.
- Optional: Enter the email address of anyone you wish to notify of the video. An email containing a hyperlink to view the video online will be sent to them. No registration is required to view the video.

Note: Videos will be compressed into a more web friendly WMV format and size for uploading. The maximum size for a single upload is 35 MB.

Edit

Trim your video clips to include only the best footage. Better yet, trim several video clips and then join them together into one movie.

1. Click the *Edit videos* tab.
2. Click and drag the desired video(s) from the thumbnail collection to the Stage at the bottom of the page.
3. Click on a video in the Stage to load it into the edit window to the right.
4. Use the markers to set the new *Start* and *End* points of the video clip.
5. Repeat this with any or all videos in the Stage until completed.
6. You may rearrange the videos in the Stage by dragging them left or right.
7. Click on the *Create My Movie* button to save the new movie.

Note: The original video clips will remain untouched in their current location. The new movie will be saved to My Documents\My Videos\RCA Small Wonder\Edited Movies directory.
