

CONSUMER ELECTRONICS – ACCESSORIES & AUDIO/VIDEO

Patent No.	Title	Country
9,312,704	USB Wall Plate Charger	United States
9,312,599	Low Profile Omni-Directional Planar Antenna With Video Streaming Capability Through Broadband Network	United States
D752,013	Housing For An Electronic Device	United States
9,281,571	Ultra-Thin, Flexible, Broadband Low-Profile Planar Wire Antenna	United States
9,269,399	Capture, Syncing And Playback Of Audio Data And Image Data	United States
9,210,491	Wireless Audio Coupler And Amplifier For Mobile Phone, Tablet Device, MP3 Player And The Like	United States
9,188,325	Travel Nightlight With USB Charger	United States
9,100,739	High Output Loudspeaker	United States
D734,253	Housing For A USB Wall Plate Charger	United States
9,083,192	Current Selectable USB Charger	United States
8,983,100	Personal Sound Amplifier	United States
8,751,562	Systems and methods for pre-rendering an audio representation of textual content for subsequent playback	United States
8,686,683	Charge clip	United States
8,675,354	Multi-media memo board	United States
8,674,556	Automatic variable power outlet for energy saving power source	United States
8,385,846	Active load isolator and wireless speaker for mixed signal environments	United States
8,362,745	Method and apparatus for harvesting energy	United States
D673,912	Housing for a power outlet	United States
8,345,908	High output loudspeaker	United States

8,299,976	Omni-directional antenna in an hourglass-shaped vase housing	United States
2009249558	Omni-directional, multi-polarity, low profile planar antenna	Australia
305860	Omni-directional, multi-polarity, low profile planar antenna	Mexico
8,269,672	Omni-directional, multi-polarity, low profile planar antenna	United States
8,253,867	Remote control and method of using same for controlling entertainment equipment	United States
8,238,596	In-ear headphones	United States
8,201,561	Ear tip	United States
8,189,849	Movable speaker covering	United States
8,187,098	Two-sided electronic game and remote controller	United States
CA 2661243	Two-sided electronic game and remote controller	Canada
8,135,163	Balanced armature with acoustic low pass filter	United States
8,121,556	Active load isolator and wireless speaker for mixed signal environments	United States
D651,974	Housing for a power outlet	United States
D639,707	Charge clip	United States
D601,550	Housing for an electronic device	United States
D592,649	Housing for an electronic device	United States
D592,648	Housing for an electronic device	United States
D592,647	Housing for an electronic device	United States
D582,402	Housing for an electronic device	United States
097151002	Home control protection system	Taiwan
7,961,111	Home control protection system	United States
D637,181	Headphone	United States

7,916,040	Remote control for home entertainment	United States
7,880,431	Multiple interfaces for a rechargeable battery pack	United States
7,831,057	High output loudspeaker	United States
7,826,633	Speaker cover	United States
D624,901	Headphone ear tips	United States
D613,726	Headphone	United States
7,686,129	Acoustic horn having internally raised geometric shapes	United States
7,681,577	Ear tip	United States
D611,929	Headphone ear tips	United States
7,646,167	System for updating programmable batteries	United States
D604,277	Antenna housing	United States
D603,844	Headphone	United States
D603,789	Portable battery arm sling	United States
7,590,257	Axially propagating horn array for a loudspeaker	United States
7,529,377	Loudspeaker with automatic calibration and room equalization	United States
7,477,507	Adjustable receiver for digital sound storage devices	United States
7,275,621	Skew horn for a loudspeaker	United States
CA 2358085	System for distributing a signal between loudspeaker drivers	Canada
D542,271	Speaker enclosure	United States
D542,270	Speaker enclosure	United States
CA 116476	Speaker enclosure	Canada
D 552245-0001	Speaker enclosure	European Union
D 552245-0002	Speaker enclosure	European Union
6,996,243	Loudspeaker with shaped sound field	United States
CA 2477928	Loudspeaker with shaped sound field	Canada
6,993,141	System for distributing a signal between loudspeaker drivers	United States
D519,918	Portable battery	United States
D509,181	Battery	United States

6,953,895	Electronics housings and associated connections for cable/wiring distribution system	United States
6,725,967	Low distortion loudspeaker cone suspension	United States
CA 2407123	Low distortion loudspeaker cone suspension	Canada
6,765,528	Mobile radio with GPS capability	United States
D484,492	Speaker	United States
6,588,543	Spring-loaded dog assembly which enables a bezel of a speaker system and structure holding electric device to be mounted in ceilings and walls without having to use external retaining means	United States
6,486,924	Television antenna with bypassable amplifier circuit	United States
6,127,982	Apparatus and method for processing satellite and terrestrial signals	United States
6,075,330	Outdoor antenna system with remote control and method for optimizing antenna function	United States
6,067,051	Apparatus and method of mounting VHF/UHF antenna assembly on satellite dish antenna	United States
5,898,138	Loudspeaker having horn loaded driver and vent	United States
5,815,108	System for extending infrared remote control	United States
5,812,066	Antenna tuning control circuit	United States
5,808,584	Dipole television antenna	United States
5,530,760	Apparatus and method for adjusting levels between channels of a sound system	United States
