OMEGA Unveils A Completely Revamped Website

DOUGLASVILLE, GEORGIA – March 25, 2015 – Omega Research and Development Technologies, Inc. is proud to announce a newly redesigned corporate website, www.caralarm.com. The all-new website is designed to be accessible from any web-enabled mobile device or tablet and focuses on the ability to access product information more easily than ever before!

NEW CarAlarm.com Features:

- Product and Guide [instant search](#)—find specific product information or manuals with ease
- Interactive, [online product catalogue](#) containing all products, accessories, installation parts, and more
- [Social Sharing](#)
- Product compare list—easily compare products with just one click with the new [Product Compare List](#)
- Completely revamped graphics and product information—browse vehicle security and convenience products, driver safety products, vehicle accessories and the rest of our product line with ease.
- Product registration—with our [new account registration](#) you can register your Omega products for easy access to manuals, support materials, track your product updates, and more!
- Keep up to date with new product releases with our [Omega News](#) section
- Need help? Get the Support you need from our online support tools or by contacting our staff!

About Omega:

Since its founding in 1971, providing the best in automotive security & convenience remains the central focus of Omega Research & Development Technologies. Omega has pioneered 4 decades of crime deterrence & vehicle integration technologies, many of which are now considered industry standards. Embracing the endless evolution of vehicle technologies, and the commitment to growing an already robust line of automotive security & remote start products, consumers and dealers alike get more features, options, and peace of mind than ever before.

Omega's mission, as it has been for over four decades, is to provide reliable, leading-edge security and automotive accessory products at the best possible value.
