

News Release

Enjoy Satellite Radio with SATSTREAMER, The First SiriusXM-Ready™ Bluetooth Integration Kit for Honda Vehicles

HAUPPAUGE, NEW YORK – JULY 14, 2015 --[VOXX Electronics Corporation \(VEC\)](#), a wholly-owned subsidiary of [VOXX International Corporation](#) (NASDAQ: VOXX), announced today the expansion of SATSTREAMER, the first SiriusXM-Ready™ Bluetooth integration kit for Honda vehicles.

“SATSTREAMER was developed in the United States by our in-house engineering team. Utilizing patent pending streaming integration technology, this all new after-market interface module allows Honda customers to easily incorporate SiriusXM via Bluetooth streaming technology into select vehicles,” said Tom Malone, President of VOXX Electronics Corporation.

SATSTREAMER now delivers an integration kit for select 2014-2015 Honda vehicles giving drivers the ability to upgrade their in-vehicle listening experience to include SiriusXM’s commercial-free music, plus premier sports talk and live events, comedy, news, exclusive talk and entertainment, and the most comprehensive Latin music, sports and talk programming in radio. SATSTREAMER connects to the SiriusXM SXV300 Connect Vehicle Tuner (sold separately, subscription required). With simple installation only requiring 3 wires – power, ignition and ground connections (and the placement of the SiriusXM antenna on the vehicle’s roof) you can now enjoy all the benefits of satellite radio in select 2014-2015 Honda Accord, Civic, and Odyssey and 2015 Honda CRV and Honda FIT vehicles.

Sirius, XM, SiriusXM and all related marks and logos are trademarks of Sirius XM Radio Inc. and its subsidiaries.

SATSTREAMER for Honda is available now for an MSRP of \$499.
