Audiovox Introduces Qi Wireless Charging Lifestyle Ecosystem

New Qi Wireless Charging products allow for Car, Home, Office and Portable charging of smartphones, cameras and any Qi enabled devices

HAUPPAUGE, NY and LAS VEGAS, NV – JANUARY 6, 2014 – LVCC, CENTRAL HALL, BOOTH 10404/10415 – [VOXX Electronics Corporation \(VEC\)](#), a newly formed wholly-owned subsidiary of [VOXX International Corp.](#) (NASDAQ: VOXX), announced today that it will expand the Qi Wireless Charging Line to include multiple solutions to recharge smartphones virtually anywhere you want. The new products are Qi certified by the Wireless Power Consortium (WPC), which is rapidly growing a ubiquitous standard for wireless power charging either at home, in the office or in the car.

“This year’s CES introductions round out our line of wireless charging products by including a home solution to our already successful in vehicle chargers,” said Tom Malone President of VOXX Electronics Corp. “The line has been designed to not only offer the Qi-enabled charging, which is fast becoming the industry standard, but also provides some real convenience features such as “free” device positioning on the charging pad; an easy-to-trim mat for automotive applications and the quick release locking arms for our wireless charging cradle.” Malone concluded, “Clearly we have a charging solution for every need.”

The Audiovox Qi wireless charging ecosystem includes products that are purpose built for each of the specific use cases. For automotive, the products have a 12-Volt ruggedized design that will operate at wider temperature extremes. For the home and office, the product has been designed to be easy to use and comply with all the FCC, UL and IC regulations. The lifestyle ecosystem of products include: a dedicated automotive grade-charging cradle, a new in-vehicle charging cup holder, a plug in wall socket charger, a desk top/nightstand charging plate and select cases for popular smartphones.

Some of the key products in the Ecosystem are;

In-vehicle Qi Charging Cradle

The WCC100 Charging Cradle’s universal design features quick release locking arms that will hold most smartphones and suction cup mount designed for windshield or flat surface mounting. The cradle features a robust automotive design and includes an automotive grade 12-volt CLA. Available now at \$99 MSRP

In-vehicle Qi Cup Holder Charger

The WQT200CH Qi in-vehicle Cup Holder Charger adds a second option for consumers that want Qi charging in the car. To ensure a safe and

secure fit with the various sizes of cup holders in vehicles, the cup holder charger has an expandable gripping mechanism. The cup holder comes with unique wire management system that includes a CLA or hardwire option for custom installations. Available March 2014 with an MSRP of \$60.

Home/Office Qi Wall Receptacle Charger

The WQT008WP 120V Qi Wall Mount Charger plugs into any standard wall out so it is perfect for use in the kitchen, work bench locations, work space/cubical locations, hotels rooms or any place a standard 120V wall out is accessible. Available March 2014 with an MSRP of \$60.

Home/Office Qi Charging Pad

The WQT003 Qi Charging Pad is a flat plate wireless charger that can be used for any home, office or travel use cases. Its “Free” device positioning charging area makes it convenient for the busy person to use anywhere. Available March 2014 for an MSRP of \$50.

Audiovox is committed to the vision that consumers want the freedom from wires so the product strategy includes a flexible that is responsive to market needs. More Qi Wireless Charging products are on display at the VOXX Electronics exhibit at CES. Central Hall, booth #10415.
