

USB wall plate charger and nightlight WP2UNLW/WP2UNLA

The RCA USB wall plate charger and nightlight turns any standard home dual AC power outlet into a USB outlet in seconds, with fast, full-speed charging for smartphones or tablets.

The 2 USB charging outlets support a wide range of USB-powered portable devices. The outlet labeled 2.1 is optimized for devices that require extra current, such as tablets. This outlet can output 2.1 Amps of current at 5 volts.

Both outlets will charge regular USB-powered devices, such as most smartphones.

Important note about multiple device charging

This wall plate provides a total of 2.1 Amps of charging current, enough for full-speed simultaneous charging of 1 tablet or 2 smartphones. If you have 2 devices connected and they are trying to draw more than 2.1 Amps total, this charger is designed to stop charging to protect your devices. If you notice that your connected devices are not charging when you plug 2 of them in at once, try charging just one of them at a time.

1 tablet

2 smartphones

Limited 12 Month Warranty

VOXX Accessories Corporation warrants that for 12 months from date of purchase, it will replace this product if found to be defective in materials or workmanship. Return it to the address below for a replacement with a current equivalent. This replacement is the company's sole obligation under this warranty. ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE IS DISCLAIMED. This warranty excludes defects or damage due to misuse, abuse, or neglect. Incidental or consequential damages are disclaimed where permitted by law. This warranty does not cover product purchased, serviced or used outside the United States or Canada.
